# THE ARTIST

Hello. This is me. Klaus Nowak. KN. Painting is my passion. Even as a child, my shopping lists looked like little works of art. Instead of writing the word "Bretzel" on the paper, I drew a "Bretzel" on it. One of my guiding principles later came from Leonardo da Vinci: "The human being, the eye-being, needs the image."

On this wall I painted the BIG5 with a lot of passion and love.  
BIG5\_commercial and interior design art combines elements of graphic design, branding and logo  
in a unique way with nobel and powerful beauty.
